TAP Services

Your Trusted Partner for Sustainable Electrical Solutions

Travis Perry,
Owner

The complexity of electrical systems, with their numerous components and evolving technologies, creates obstacles for businesses seeking precise information. Without a clear understanding of their electrical systems, they may struggle to identify potential issues, plan for expansion, or optimize their infrastructure for maximum efficiency.

TAP Services is a leading third-party organization that specializes in helping businesses manage their electrical systems. It addresses challenges such as a lack of accurate information, potential risks, limited resources, and the need for optimization. TAP provides meticulous documentation, detailed diagrams, risk assessment, and reliability analysis, along with sustainable maintenance plans to optimize asset performance.

“By overcoming obstacles, we enable our clients to make informed decisions and unlock the full potential of their electrical systems for enhanced reliability, cost-effectiveness, and efficiency,” says Travis Perry, owner of TAP Services.

Clients with limited resources are aided in maintaining their assets and achieving asset sustainability. TAP is committed to guaranteeing the durability, safeguarding, and well-being of their systems and machinery, extending its services across the nation. Offering a wide range of proactive services, the company assesses equipment condition and develops sustainable maintenance plans.

Through thorough techniques such as infrared inspection, contact resistance testing, ultrasonic testing, and vibration analysis, no stone is left unturned in securing the long-term health and efficiency of electrical assets. Businesses can bid farewell to costly downtimes and welcome a future of optimized efficiency with TAP Services as their trusted partner.

Client engagement is paramount at TAP Services. The company adopts a seamless approach, offering an online form for quote requests or face-to-face meetings. Ensuring nationwide coverage, it is committed to customer satisfaction by implementing a unified program across all client facilities. This approach guarantees consistent services and simplifies

communication by offering a single point of contact. By deeply understanding client needs through conference calls and on-site visits, TAP Services develops personalized budget programs. Implementation is swift, often within three months, and some clients opt for semi-annual training sessions. The company prioritizes efficiency and customer satisfaction, ensuring a streamlined experience from start to finish.

TAP Services has a remarkable track record of delivering impressive results, as demonstrated by many notable case studies. For example, when working with a facility manufacturing UPS, FedEx, and Amazon truck trailers, the company conducted a comprehensive inspection and uncovered potential equipment damage worth \$130,000. By promptly addressing these issues at a fraction of the cost, TAP prevented extensive downtime and saved the client significant expenses. It also aided the Department of Transportation by classifying and improving the safety of their electrical enclosures. This reduced risks, lowered insurance premiums, and increased overall safety. These success stories exemplify how TAP Services goes beyond expectations to enhance client outcomes.

“Our track record of client retention demonstrates the satisfaction our clients experience working with us,” says Perry.

The importance of client satisfaction at TAP Services is reflected in the company’s high retention rate and multi-year agreements. Customers appreciate the predictability of costs and the convenience of bundled services, resulting in up to 13 percent savings for multiple sites. Having achieved a remarkable retention rate of 94 percent, TAP Services has firmly established itself as a trusted and reliable partner within the industry. The company’s expertise and proactive approach resonate with clients who have experienced the consequences of reactive maintenance.

TAP prioritizes safety and compliance with the National Electric Code, performing thorough electrical equipment inspections and providing strategic repair recommendations. Drawing on 25+ years of industry experience and driven by an unwavering commitment to excellence, the company remains steadfast in delivering reliable electrical solutions to clients across the U.S. Choose TAP Services as the reliable partner for all electrical system needs.
